
HOW HAS FORENSIC ACCOUNTING CHANGED SINCE THE PANDEMIC?

NIFA was formed in 1999 and is pleased to be celebrating its 25th anniversary later this year.

Our aim is to pool knowledge, expertise and resources from small forensic accountancy practices to create a nationwide association.

NIFA accredited members have many years of experience in the preparation of expert reports in legal cases and providing evidence in court as well as providing investigation and other advisory services to solicitors, barristers, insurance companies, businesses and individuals.

We've been collating data on the types of instructions we receive.
